This issue, for the first in eighteen months, finds the editor away on a pleasure trip, purely and nothing else. For the last year and a half, we have worked hard and stuck close to business, so we feel due us, and almost necessary, that we may be able to take up the work for the next year with the vene and vigor that is necessary. In the next issue, we hope to be able to tell our readers, something of the great western part of our country.

A CORRECTION.—In the last issue of this paper, it was stated by one of our correspondents that Mr. A. C. Stapp, had swindled Mrs. Hurr in a land trade. We made a full investigation of the facts and we find the statement was an error. At the last term of our court it was decided from the evidence of nine witnesses against one that, Mr. Stapp was right. We have always found Mr. Stapp an honest, upright gentleman and we take pleasure in making this correction.

BACK FROM THE PHILIPPINES.—George Pennington returned from the Philippines Friday last, looking remarkably well. In speaking of his journey and stay there, he says there was only one thing connected with it, that he did not enjoy and that was the trip across the waters. He belonged to Co. A, 31st Regiment and was stationed on the Island of Mindanao, which is 1,000 miles south of Manila. He says the inhabitants, of this island, are a very inferior race of people, to the Filipino. They never work but little, only to raise small patches of rice, and live on that and fish alone. Each tribe has their chief, similar to the Indians in this country, who is called The Peang. Their principal weapon is the Balo, a knife from 26 to 30 inches long. The different tribes often fight among themselves, and the victorious one always siezes, what few supplies the defeated tribe have; this being one of the ways the stronger tribes depend on making their living.

SHERIFFS NOTICE.

To All whom it may Concern:—Whereas I, Henry Catron, Sheriff of Rockcastle county, have this day removed H. L. Tate as Deputy Sheriff of this county, and he is now no longer authorized to act in any way as one of my deputies. His removal, is in no way to prevent him from collecting any taxes that may yet be owing to him for back years and for which he has already settled with me, but to prevent him from collecting any taxes for the year 1901 or in any other way from acting as such Deputy Sheriff.

My reasons for removing Mr. Tate are solely to protect myself and my surty. In my judgment I have indulged Mr. Tate as one of my deputies, longer than any prudent man should. The contract under which I made him my deputy bound him to execute to me each year a good and sufficient bond for the faithful performance of his duties as such deputy. This year has, now more than half expired and yet he has not as much as offered any bond to me for this year although I have called on him to do so; and in other respects he has failed to comply with his contract with me to such an extent that I was forced to pursue the course that I have taken for my own protection.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

Watch our next advertisement.

A Tablespoonful to a Cup
—IS THE RULE FOR MAKING COFFEE—

BUT 3/4 OF A TABLESPOONFUL OF

Lion Coffee

will give you stronger coffee than a tablespoonful of any other kind. Here is where you save money!

USE LION COFFEE!

Always insist upon getting it. **LION COFFEE** is absolutely pure, and not a coffee which is glazed or coated with egg mixtures or chemicals in order to hide imperfections.

In every package of **LION COFFEE** you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).
